

Important Information For Model ATW-DA600

**“Non-polarity-inverting DC Cables” now provided
for use with 1400 Series and 3000 Series Wireless**

The ATW-DA600 now includes four ATW-RDCN Non-polarity-inverting DC Cables, for use only with ATW-R14 and ATW-R310 receivers or other receivers that require 12-volt DC center-pin-positive power.

ATW-RDCP Polarity-inverting DC Cables are no longer included. Owners of ATW-DA600 Antenna Distribution Systems needing the original ATW-RDCP cables, for use with the 7000 Series' ATW-R73x receiver or other receivers requiring center-pin-negative power, should contact the Audio-Technica service department. A set of four ATW-RDCP cables will be sent promptly, without charge.

Please keep this notice with the ATW-DA600 Installation and Operation Manual.

ATW-DA600 owners outside the U.S. and Canada: Please contact your local Audio-Technica distributor for availability of ATW-RDCP cables.
